

UC18 Up-Cut Saw (Left Hand)

FEATURES:

- Table surface is precision ground, assuring cutting accuracy.
- Left hand saw blade configuration.
- Adjustable cycle speed, up to 45 strokes per minute.
- Pneumatically operation motion cycle and controlled by foot switch.
- Blade safety guards.
- Powerful 7.5HP motor.
- Easily adjustable T-clamp for workpiece thickness variation.
- Convenient and fast saw blade replacement.
- Advanced dust collection design to keep cabinet clean.

SPECIFICATIONS:

Cutting capacity (Thickness x Width): 2" x 12", 3" x 11", 4" x 10"

Cycle speed: 45 cuts/min

Cycle operation: Pneumatic

Saw blade diameter: \varnothing 18"

Saw arbor diameter: \varnothing 1" / 30mm

Saw blade speed : 3600 rpm

Dust exhaust diameter: \varnothing 4" x (1)

Saw arbor motor : 7.5HP

Table size : 660X 690mm

Net weight : 770 lbs

Gross weight : 900 lbs

Packing dimensions(LxWxH) : 770x 780x 1350mm

Safety Guard

The complete safety for fast cutting operations.
